

UC/CSU Partnership Data Dashboard

Quick Start Reference

<https://arc-alternatives.shinyapps.io/PartnershipApp/>

Obtaining Access:

Dashboard Features by Page:

- Program Dashboard
- Program Data
- Status Call Reports
- Program Reporting

Program Dashboard: View graphics displaying overall UC and CSU energy savings, incentives, avoided costs, and GHG reduction achieved through the Partnership.

Program Data: Filter and export or search through 1,700+ projects completed by UC and CSU campuses through the Partnership.

Status Call Reports: Access project lists by utility, displaying all active projects and their current status.

Program Reporting: View and download reports measuring progress towards program goals.
